## Notice of after-hours works starting 19 April 2024

Work on the Northern Territory Art Gallery continues, with construction company Sitzler Pty Ltd undertaking concrete pours at the site.

The next major concrete pour is slated for 19 April 2024, commencing from 4.30am, weather dependent. If delays are experienced, the concrete pour may be pushed back to later that evening or in the following days if required.

Concrete pours are required to be undertaken outside the project's standard hours of work of 7am – 6pm Monday to Friday, and 7am – 1pm on Saturdays. Lower ambient temperatures are required to set the concrete.

To date, over 2000 cubic metres of concrete has been poured during construction. Thirteen large pours requiring a change to the standard hours of work will occur over the next 12 months. Notice of these pours and other impacts will be communicated to stakeholders as times and dates are confirmed.
