

Civic and State Square Revitalisation

Notice of after-hours works on 10 & 17 September 2024

Works continue on the Northern Territory Art Gallery.

Construction company Sitzler Pty Ltd is continuing a series of concrete pours at the site. To date, more than 3290 cubic metres of concrete has been poured during construction.

These large pours need to occur prior to the project's standard hours of work, which are 7am – 6pm Monday to Friday and 7am – 1pm on Saturdays, as lower ambient temperatures are better for curing the concrete. The rate of curing as the concrete sets effects the workability and strength of the concrete slab.

A concrete pour for a level 1 suspended slab is planned to start on **10 September, 2024 from 4 am instead of 3 September**, as previously planned. A second concrete pour is also planned to start from **17 September, 2024 from 4 am**. The concrete pour may be delayed to later that evening or in the following days if required.

There are an additional 9 large concrete pours that will occur outside of the standard hours of work over the next 12 months.

The contractor will provide notice of these pours and will endeavour to reduce dust and noise impacts to stakeholders during these times.

Access and parking conditions

Current traffic access and parking conditions remain in place, including the closure of the driveway access to the Supreme Court, Parliament House and Old Town Hall Ruins off Smith Street.

Access is available to the Supreme Court for deliveries/short term only parking via Bennett Street. Please exercise caution while driving and walking in the area during this busy period.

For more information on the project go to: <https://infrastructure.nt.gov.au/project/civic-and-state-square-precinct>. If you have any questions or concerns, please contact the Department of Infrastructure, Planning and Logistics Project Director Thomas Carroll on 0477 698 646 or email CivandStateSquare.Projects@nt.gov.au.
